R. J. REYNOLDS TOBACCO COMPANY:

We have examined the financial statement of R. J. REYNOLDS TOBACCO COMPANY as at December 31, 1942, and the income and undivided profits account for the year then ended, have reviewed the system of internal control and the accounting procedures of the Company and, without making a detailed audit of the transactions, have examined or tested accounting records of the Company and other supporting evidence, by methods, at times and to the extent we deemed appropriate. Our examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which we considered necessary.

Inventories of Leaf Tobacco, Supplies and Manufactured Product are valued at cost as in former years. We were present when inventories were taken by the Company and checked procedures followed in determining quantities and valuation. The investments are carried at not above cost or market, whichever is lower.

In our opinion, the accompanying financial statement and related income and undivided profits account present fairly the position of the Company at December 31, 1942, and the results of its operations for the year, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

ERNST & ERNST,
Certified Public Accountants.
